The Newton Theological Institution

HISTORICAL CATALOGUE

Twelfth Edition

Newton Centre, Massachusetts

June 1925

THE BEGINNINGS

The Massachusetts Baptist Education Society Was Formed, September, 1814.

The Baptists of Boston and Vicinity Made a Definite Proposition to Establish the Institution, May 25, 1825.

The Institution Was Founded by the Education Society, November 9, 1825.

The First Instruction Was Given, November 28, 1825.

The Act of Incorporation Was Passed, February 22, 1826.

The First Meeting of the Trustees Was Held, March 13, 1826.

PREFATORY NOTES

For the understanding and use of this catalogue, it is most important to remember that it was prepared under great pressure as regards time. To have the work published for the Centennial in 1925 meant its preparation in about half the time allowed for recent editions, and by an editor carrying an unusual amount of academic duties.

For economy of time the fewest possible departures have been made from the notations and plans of former editions. The increasing number of names will doubtless dictate some radical changes in future editions.

The aim in this edition has been to have all statements as accurate as possible concerning facts. There are, however, many inconsistencies of form of statements, use of abbreviations, and the details of capitalization and punctuation. Some of these are due to individual preferences. More are due to a lack of time for a thorough revision of the new material.

A very large correspondence has been conducted. Corrections have been made in even some of the earliest records. Far more material than appears has been filed for the use of future editors or historians. Freedom from error cannot be hoped for. Corrections of mistakes will be most welcome.

Carbon copies of the sketches were sent out in the hope of having all information corrected up to April 1, 1925. An astonishing amount of new material came back with carbons. As a rule, this could be used only in the way of additions to bring the sketches up to date. Time would not permit the change of form or body of the sketches. Especially was this the case where carbons were not returned till the records had been put in type. The new items will be printed and preserved in the files.

Previous editions of the historical catalogue have appeared in 1834, 1837, 1843, 1849, 1854, 1859, 1869, 1875, 1886, 1899, and 1912.

Much latitude has been allowed brethren who now write their names in different fashion from that formerly acceptable. It is believed that the position in class rolls will ordinarily identify the names even where portions have been dropped or new portions acquired.

Thanks are due to very many alumni and others who have assisted in the collection of data. Especial mention should be made of the consideration and courtesy of the printers, The Vermont Printing Co., of Brattleboro, Vt., and of the invaluable office service rendered by Mrs. Kilgore of the graduating class in the School of Religious Education.

Any information which will complete or correct this catalogue will be considered a favor, and may be addressed to the Library of the Institution.

EXPLANATORY NOTES

The catalogue includes the names of all the trustees, professors, and librarians that have served the Institution since its foundation, and of all *matriculated* students excepting those whose connection with the Institution was severed by Faculty action. This exception must also cover the few unhappy cases of deposition from the ministry either by the action of councils or by court convictions. Great care has been exercised to avoid any omissions by error. Matriculation implies a full academic record for the first half year. Those students who attended the school for only a few weeks, or failed to secure standing in their respective classes, or who pursued only a few special courses have not been regarded as members of the Institution. While these standards deprive the list of a number of names which would be an honor to Newton, it is felt that adherence to certain academic requirements is indispensable.

The regular course of study covers three years, and to it are admitted graduates from the classical course in college, and such others as are able to pursue the course with profit. Other men have been admitted from time to time to a part of the work or to a special course of study known as the English course. These men have usually spent two years at the Institution, and during the years 1871-99 a special certificate of graduation was granted. A preparatory department was established in 1830, but it was discontinued two years later. The new School of Religious Education for Women is separately listed at the end of the catalogue.

In this catalogue the classes are arranged in chronological order, the members of each class after the following plan: *first*, all the graduates in the regular course in alphabetical order; *second*, students who have credit for but a part of the regular course, separated from the full graduates by a single line; *third*, students who have credit for two years' work in English studies, separated from the regular students by a double line; *fourth*, students who had less than two years in the English course are separated from the other English students by a single line. Graduates of the school who took post-graduate work retain their regular place in the catalogue, and special mention is made of this work. Post-graduate students from other seminaries are placed at the head of the graduating class of the year in which the graduate study was completed and their names are separated from the graduates by a broken line. The names of graduates from the regular course are printed in capital letters of uniform size. Other names appear in smaller capitals after the initial letters.

It is the aim to give the full name, academic title, date and place of birth, college, length of residence at this and other theological institutions, date of ordination, and the public services and occupations of each student, with the place and date of death, if deceased.

The *abbreviations* used will be found immediately after these notes. The *corrections* and *additions* are at the end of the catalogue.

An asterisk (*) indicates a deceased officer or student, and in the columns of years, pages 1-19, indicates death in office.

In a name, a capital letter without a period is not an initial, but the entire middle name.

ABBREVIATIONS

A denomination, or a state, or an occupation, once used in a record, is in force till another takes its place. After N. T. I., the state of Massachusetts is to be understood until some other state is definitely mentioned. Churches are Baptist unless otherwise named.

A single date following the name of an educational institution indicates the year of graduation. College graduates are understood to have the A. B. degree unless another degree is specified. As a rule, academies attended are not mentioned for men who took a college course.

A dash and semicolon or period following the year of entrance upon a service indicates that the person is still in the work last designated. A semicolon and interrogation point (;?) at the end of a record indicate that further information is lacking.

Honorary degrees of the students, with sources and dates, are given at the end of the respective records. The degree of A. M. is not noted except in cases where an A. B. degree was not taken.

ALUMNI ORGANIZATIONS

At a meeting held in the Chapel of the Institution on the eleventh day of September, 1833, the following gentlemen organized The Society of Alumni of the Newton Theological Institution:—

JONATHAN ALDRICH
JOHN PRATT
WILLIAM HAGUE
FREDERICK AUGUSTUS WILLARD
TIMOTHY ROBINSON CRESSY
JOHN SHARP MAGINNIS
SAMUEL BUDD SWAIM
ROLLIN HEBER NEALE
MARK CARPENTER

JOHN HOLBROOK
ASAHEL CHAPIN
BENJAMIN HERBERT HATHORNE
DAVID C. BOLLES
HENRY CARR
JOHN B. COOK
DAVID W. ELMORE
NATHANIEL HERVEY
JOSEPH HODGES

ISAAC MASON WILLMARTH

A constitution was adopted at the same meeting, and provision was made for an annual reunion and address in connection with the exercises of the Anniversary. Since 1897 a second reunion has been held in December of each year.

In 1897 a committee was appointed to confer with a committee of the Trustees "with reference to arranging for an organic participation of the Alumni in the management of the Institution, including the nomination or election of a portion of the Trustees." The Northern Baptist Education Society, by vote at its annual meeting on Oct. 25, 1898, and by vote of its Directors on Nov. 21, 1898, agreed to relinquish to the Alumni the right to elect three of the six trustees annually elected by the Education Society. On the 18th of April, 1900, a certificate of incorporation under the laws of Massachusetts was issued, declaring that

CHARLES LINCOLN WHITE
E. A. CAPEN
W. N. DONOVAN
NELSON B. JONES
CHARLES RUFUS BROWN
ALBERT G. UPHAM

GEORGE H. WHITEMORE
EDMUND F. MERRIAM
R. O. SHERWOOD
WILLIAM O. AYER
W. F. WILSON
E. P. TULLER

their associates and successors, were constituted a corporation under the name of The Society of Alumni of The Newton Theological Institution. An act of the Massachusetts legislature, approved March 12, 1901, authorized The Newton Theological Institution to provide for the election of three trustees annually by the corporation know as The Society of Alumni of The Newton Theological Institution. The Trustees, as their annual meeting on April 30, 1902, voted "that the provisions in this change of the charter be adopted, and that the Alumni be authorized to proceed, in accordance therewith, hereafter to elect three (3) trustees annually after the order prescribed in the catalogue of 1902."

Beginning in 1900, the Society has annually elected three trustees. Since 1906 the election has been by a mail ballot. The annual catalogues distinguish the trustees elected by the Alumni from those chosen otherwise.

Membership in the corporation is elective. "But only such persons shall be eligible to election as are graduates of The Newton Theological Institution, or are entitled to have their names appear in the general cata-

logue of said institution as having there pursued theological studies." By various votes of the Society all persons entitled to have their names appear in the general catalogue under classes earlier than that of 1925 have been elected to membership in the corporation.

The principal officers of the Society have been as follows:—
